[THE ROUTLEDGE HANDBOOK OF FOOD ETHICS](#)

While the history of philosophy has traditionally given scant attention to food and the ethics of eating, in the last few decades the subject of food ethics has emerged as a major topic, encompassing a wide array of issues, including labor justice, public health, social inequity, animal rights and environmental ethics. This handbook provides a much needed philosophical analysis of the ethical implications of the need to eat and the role that food plays in social, cultural and political life. ...
