Summary

She doesn't realize I will give up everything to be with her.

When I lost my leg, I'd thought I lost everything.

Then I met Nevaeh.

She gave me a reason to wake up in the morning, turned into my best friend, became the voice of sanity when the world was nothing but chaos.

And now, with one announcement at a party I didn't even want to attend, everything I had planned for us could be destroyed.

A mistake I made when I was too young to know better has come back to haunt me, and it could cost me the one person who matters most.

I'll burn this place to the ground before I give up the only good thing in my world.

Creswell Springs was a small town in Trinity County, California. Population 1,500—maybe. It's a quiet town, with small town values. Its greatest income is the University just outside of the town limits... and the revenue the local Motorcycle Club brings in.

Being part of the MC that was Angel's Halo was exactly like being part of a family. A scary, powerful, crazy family. It was also like its own society. There are rules, just as there are in every family, every society. ...
