Summary

A candid, inspiring guide to finding lasting love by getting real about your relationship goals--based on the viral sermon series about dating, marriage, and sex.

Realer than the most real conversation you've ever heard in church on the topic, Michael Todd's honest, heartfelt, and powerful teaching on relationships has already impacted millions. Michael believes that relationships are the epicenter of human thriving. All too often, though, we lack the tools or vision to build our relationships on the wisdom and power of God.

In other words, it's good to have a goal, but you can't get there without proper aim! By charting a course that candidly examines our most common pitfalls, and by unpacking explosive truths from God's Word, Michael's debut book will transform a trendy hashtag into a future where your most cherished relationships thrive in relational life, hope, and abundance. Now those are real #relationshipgoals.
